This is a special color set commemorating the 10th anniversary of Gaianotes. In order to celebrate the 10th anniversary and review the basics, this is a special color set that returns 10 basic colors. It uses the same high-quality raw materials as the EX series.

About Gaia Color

If you want to dilute Gaia Color, use Gaia Color thinning solution. The characteristics of lacquer-based paints are that they dry quickly and have good workability, good color development, and strong coating film, but since a strong solvent is used, please be careful when ventilating. Gaianotes' Gaia Color Thinning Liquid Series consists of the four types on the left (T-4 Gaia Color Thinner, T-01 Brush Master, T-06 Moderate Solvent, and T-07 Metallic Master).
