About Gaia Color

If you want to dilute Gaia Color, use Gaia Color thinning solution. The characteristics of lacquer-based paints are that they dry quickly and have good workability, good color development, and strong coating film, but since a strong solvent is used, please be careful when ventilating. Gaianotes' Gaia Color Thinning Liquid Series consists of the four types on the left (T-4 Gaia Color Thinner, T-01 Brush Master, T-06 Moderate Solvent, and T-07 Metallic Master).
